INVITATION

Dear Colleagues and Friends,

after the big success of the recent events of the working group
"Grown-up Congenital Heart Disease" of the European Society of
Cardiology (ESC-WG GUCH) it is our great pleasure and honor to
invite you to the

3rd European Meeting on "Adult Congenital Heart Disease"

which is going to be held in

Munich, Germany, on March 16th – 17th, 2012.

This time, the program is focusing on management aspects and on
the long-term outcome of adults with congenital heart disease, as
well as on some rare anomalies, given as state-of-the art lectures.
The course is given for those who would like to update their know-
ledge about adult congenital cardiac disease, as well as for those who
would like to get a first overview about this exciting and evolving
subspecialty in cardiology.

We believe the course will be attractive not only for adult or pediatric
cardiologists and surgeons, but also for cardiac anesthesiologists,
intensivists, neonatologists, pathologists, nurse specialists, and
sonographers.

We can assure that, besides an excellent scientific meeting, you will
enjoy Bavarian hospitality and a stimulating atmosphere in Munich.

This Congress will give an opportunity not only to share knowledge,
but also to meet old friends and make new friends from European
countries.

The organizers once again urge you to come to Munich and bring
friends, colleagues, trainees, students, and family, along with you.
We are also hoping that these ESC-courses will continue in the
future.

We look forward to welcome you personally in Munich.

John Hess

3rd European Meeting:
Adult Congenital
Heart Disease

16 – 17 March 2012
Deutsches Herzzentrum
Munich

Friday, 16 March 2012

MORNING

08.45 - 09.00	Opening remarks <i>John Hess, Andreas Eicken, Harald Kaemmerer, Munich</i>
---------------	---

I.) The fate of patients with CHD

09.00 - 09.25	Causes of late death after pediatric cardiac surgery <i>Laurence Iserin, FR</i>
09.30 - 09.55	Risk assessment and prevention of sudden death in adults with congenital cardiac disease <i>Helmut Baumgartner, GER</i>
10.00 - 10.25	Indications and options for cardiac surgery in the unoperated adult with CHD <i>Fiona Walker, UK</i>
10.30 - 11.00	BREAK

II.) Management strategies in ACHD

11.00 - 11.15	Is the Ross-procedure the method of choice for aortic valve replacement in adults? – pro <i>H.H.Sievers, GER</i>
11.15 - 11.30	Is the Ross-procedure the method of choice for aortic valve replacement in adults? – contra <i>Ad Bogers, NL</i>
11.30 - 11.55	Valve replacement: Choosing the right valve for adults with CHD <i>Massimo Chessa, IT</i>
12.00 - 12.25	Fontan-circulation: conversion to extracardiac Fontan <i>Victor T. Tsang, UK</i>
12.30 - 14.00	COFFEE BREAK / Visit of the industrial exhibition

AFTERNOON

III.) Pulmonary Hypertension in ACHD

14.00 - 14.25	Advanced treatment for Eisenmenger-Syndrome <i>Maurice Beghetti, CH</i>
14.30 - 14.55	Pulmonary hypertension in heart failure with preserved ejection fraction <i>Michele D'Alto, IT</i>
15.00 - 15.25	Advanced treatment for PAH: Drug interaction <i>Walter E. Haefeli, GER</i>
15.30 - 15.55	Ventricular Interaction in PAH <i>Gerhard Diller, UK</i>
16.00 - 16.25	New developments and future perspectives in the treatment of pulmonary vascular disease <i>H.A. Ghofrani, GER</i>
16.30 - 17.00	BREAK

IV.) Approach to arrhythmias in ACHD

17.00 - 17.25	Arrhythmia-treatment in ACHD – new perspectives <i>Joachim Hebe, GER</i>
17.30 - 17.55	Pacemaker- and ICD-treatment in ACHD – Indications, choice of device <i>András Szatmari, HU</i>
18.00 - 18.25	Resynchronization (CRT) in ACHD <i>Jan Janousek, CZ</i>

JANE SOMERVILLE LECTURE

18.30 - 19.30	<i>John Hess, Munich, GER</i>
from 19.30	EVENING EVENT / RECEPTION

Saturday, 17 March 2012

MORNING

V.) Pre- and post-operative Echo in ACHD

09.00 - 09.25	Transesophageal Echo in ACHD <i>Manfred Vogt, GER</i>
09.30 - 09.55	3D/4D-Echo in ACHD <i>Folkert Meijboom, NL</i>
10.00 - 10.25	Stress imaging in congenital heart disease <i>Alessandro Giardini, UK</i>
10.30 - 10.55	Echo-assessment of diastolic dysfunction in ACHD <i>Pedro Trigo-Trindade, CH</i>
11.00 - 11.30	COFFEE BREAK / Visit of the industrial exhibition

VI.) The adult patient with a..... (Natural history, pathoanatomy, pathophysiology, diagnosis, treatment, residua/sequelae)

11.30 - 11.55	Connective Tissue Disease (Marfan, LDS, Aortic Syndrome) <i>Yskert von Kodolitsch, GER</i>
12.00 - 12.25	Constrictive Pericarditis and Restrictive Cardiomyopathy <i>Johan Holm, SE</i>
12.30 - 12.55	Hypertrophic Cardiomyopathy <i>Hubert Seggewiss, GER</i>
13.00 - 13.30	M. Fabry and related Lysosomal Storage Disease <i>Ales Linhart, CZ</i>
13.30 - 15.00	LUNCH / Visit of the industrial exhibition

AFTERNOON

VII.) Burning questions in ACHD

15.00 - 15.25	The failing systemic ventricle long term after Fontan and Senning operation – Pathophysiology impacts, treatment strategies <i>Andreas Eicken, GER</i>
15.30 - 15.55	ASD and PFO – to close or not to close <i>Peter Ewert, GER</i>
16.00 - 16.25	Interventional valve implantation <i>Mario Carminati, IT</i>
16.30 - 16.55	COFFEE BREAK

VIII.) Managing specific problems in ACHD

17.00 - 17.25	Sports and exercise in adult congenital cardiac disease <i>Harald Gabriel, AT</i>
17.30 - 17.55	Exercise tests – when and how to perform <i>Alfred Hager, GER</i>
18.30 - 18.55	Coronary artery anomalies and coronary artery disease in ACHD <i>Erwin Dechslin, CA</i>
19.00	Closing remarks <i>John Hess, Andreas Eicken, Harald Kaemmerer, Munich, GER</i>
